

RBC11-BD1 Battery kit for APC UPS

Batteries are the heart of a UPS system. They ensure the standby state of your UPS system. Because of our 100% quality control, stress tests (load tests) and a final equalization charge, you will always have **power even during a blackout**.

Specifications	
Product Type	Ready-to-install battery kit RBC11-BD1.
Battery Type	Maintenance-free, leak proof, Sealed Lead Acid battery. Best high-current ability for UPS units.
Directive	2011/65/EU, RoHS compliant
Dimensions (LxWxH)	183x142x173 mm
Weight	23,20 kg
Lifespan	Up to 5 years
Warranty	2 years (3 years optional)
Brand	battery-direct®
Included in delivery	RBC11-BD1 Battery kit, installation manual.

Best components for high accumulator performance

Pure Lead

With 99,9% above-average high purity level and corrosion resistant micro crystal structure.

Performance supporting fleece

Glass-mat separator with maximum absorption factor.

Balanced Electrolyte

Specialized pH-value for optimised ion mobility.

Asymmetrical lattice structure

Special geometry of lead components for high capacity and efficiency.

Safety

Transport

battery-direct batteries have to be shipped according to the current regulations.

High capacity battery

- ✓ **2 years warranty**
24 months warranty instead of the usual 12 months.
- ✓ **Fast delivery**
Insured and fast shipping with UPS®.
- ✓ **Easy disposal**
Pickup and recycling of old batteries possible.
- ✓ **Technical support**
Service technicians are available to you at any time.

Lifespan
